BRAIN RESEARCH BULLETIN

VOLUME 15 NUMBER 1 JULY 1985

CONTENTS

Editorial v

Articles

Superfusion of clomipramine within the ventromedial hypothalamus selectively suppresses paradoxical sleep in freely moving rats.
DANGUIR, J. and J.-L. ELGHOZI 1

Effect of vagotomy on cholinergic parameters in nuclei of rat medulla oblongata.
HOOVER, D. B., J. C. HANCOCK and T. E. DEPORTER 5

AChE-positive fiber growth after hippocampal fimbria transection and peripheral nerve homogenate implantation.
WENDT, J. S. 13

Antiserum-induced growth of axons across lesions of the adult rat brain.
GEISERT, E. E. and C. D. ALLEY 19

Direct action of mazindol on guinea-pig ventromedial hypothalamic neurons: Intracellular studies in slice preparation.
MINAMI, T., Y. OOMURA, M. SUGIMORI and M. HYNES 29

Effects of mazindol on rat lateral hypothalamic neurons.
SIKDAR, S. K., Y. OOMURA and A. INOKUCHI 33

"Epileptic" brain damage is replicated qualitatively in the rat hippocampus by central injection of glutamate or aspartate but not by GABA or acetylcholine.
SLOVITER, R. S. and D. W. DEMPSTER 39

Meeting Report 61

Introduction 63

The subfornical organ as a model of neurohumoral integration.
GROSS, P. M. 65

Fine structural organization of the subfornical organ. A concise review.
DELLMAN, H.-D. 71

Anatomical evidence that neural circuits related to the subfornical organ contain angiotensin II.
LIND, R. W., L. W. SWANSON and P. E. SAWCHENKO 79

Electrophysiology of the subfornical organ and its hypothalamic connections—an in-vivo study in the rat.
RENAUD, L. P., A. V. FERGUSON, T. A. DAY, C. W. BOURQUE and S. SGRO 83

Contents continued

The subfornical organ:
Biochemical and neuroendocrine comparisons with the hypothalamo-neurohypophysial system.
SUMMY-LONG, J. Y., S. E. EMMERT and L. ROSELLA-DAMPMAN 87

Elevated glucose utilization in the subfornical organ during dehydration.
KADEKARO, M. and P. M. GROSS 99

Erratum 105

VOLUME 15 NUMBER 2 AUGUST 1985

CONTENTS

Editorial v

Articles

Calcium regulates the activity of serotonin-containing dorsal raphe neurons *in vitro*.
TRULSON, M. E. and T. CRISP 107

Perinatal glucocorticoids alter dentate gyrus electrophysiology.
VICEDOMINI, J. P., A. J. NONNEMAN, S. T. DEKOSKY and S. W. SCHEFF 111

Neonatal monosodium glutamate administration alters noradrenergic measures in the brainstem of the mouse.
DAWSON, R., JR. and Z. ANNAU 117

ACh and 5-HT stimulated thermogenesis at different core temperatures in the He-Cold hypothermic hamster.
SIMPSON, C. W. and G. E. RESCH 123

**Transport of molecules from nose to brain:
Transneuronal anterograde and retrograde labeling in the rat olfactory system by wheat germ agglutinin-horseradish peroxidase applied to the nasal epithelium.**
SHIPLEY, M. T. 129

Distribution of retinoids in different compartments of the posterior segment of the rabbit eye.
LAI, Y.-L., A. T. C. TSIN, K.-W. LAM and J. J. GARCIA 143

Hypothalamic circuits involved in the regulation of seasonal and circadian rhythms in male golden hamsters.
NUNEZ, A. A., M. H. BROWN and T. G. YOUNGSTROM 149

Three dimensional analysis of retinal neuropeptides and amine in the chick.
KIYAMA, H., Y. KATAYAMA-KUMOI, J. KIMMEL, H. STEINBUSCH, J. F. POWELL, A. D. SMITH and M. TOHYAMA 155

**The distribution of cholecystokinin-8 in the central nervous system of turtles:
An immunohistochemical and biochemical study.**
REINER, A. and M. C. BEINFELD 167

Behavioural and neurochemical effects of deprenyl and β-phenylethylamine in Wistar rats.
GREENSHAW, A. J., A. V. JUORIO and A. A. BOULTON 183

Galanin-like immunoreactivity in capsaicin sensitive sensory neurons and ganglia.
SKOFITSCH, G. and D. M. JACOBOWITZ 191

Monoamine, amino acid cholinergic interactions in slices of rat cerebral cortex.
FLINT, R. S., J. M. MURPHY, P. M. CALKINS and W. J. MCBRIDE 197

Contents continued

Visual circadian rhythmicity in splitbrain crayfish: A plastic behavioral expression of symmetric circadian pacemakers.
BARRERA-MERA, B. 203

Perfusion of vasopressin within the ventral septum of the rabbit suppresses endotoxin fever.
NAYLOR, A. M., W. D. RUWE, A. F. KOHUT and W. L. VEALE 209

Rapid Communication

Monoamine transmitter release induced by tetrahydro-β-carboline perfused in hippocampus of the unrestrained rat.
HUTTUNEN, P., B. A. SPENCER and R. D. MYERS 215

Simultaneous recording of substantia nigra neurons and voltammetric release of dopamine in the caudate of behaving cats.
TRULSON, M. E. 221

Suppression of self-stimulation of the medial prefrontal cortex after local micro-injection of kainic acid in the rat.
FERRER, J. M. R., R. D. MYERS and F. MORA 225

Brief Communication

Identification of dopamine-containing cell bodies in the dorsal and median raphe nuclei of the rat brain using tyrosine hydroxylase immunochemistry.
TRULSON, M. E., M. S. CANNON and J. D. RAESE 229

Announcements 235

BRAIN RESEARCH BULLETIN

VOLUME 15 NUMBER 3 SEPTEMBER 1985

CONTENTS

Articles

Current generators and properties of early components evoked in rat olfactory cortex.
FERREYRA MOYANO, H., A. R. CINELLI and J. C. MOLINA 237

The duration of long-term potentiation in the CA1 region of the hippocampal slice preparation.
REYMANN, K. G., R. MALISCH, K. SCHULZECK, R. BRÖDEMANN, T. OTT and H. MATTHIES 249

Beneficial effect of chronic treatment with Org 2766 and α-MSH on impaired reversal learning of rats with bilateral lesions of the parafascicular area.
NYAKAS, C., H. D. VELDHUIS and DE WIED 257

The effect of $ACTH_{4-10}$ on protein synthesis, actin and tubulin during regeneration.
EDWARDS, P. M., J. VERHAAGEN, T. SPIERINGS, P. SCHOTMAN, F. G. I. JENNEKENS and W. H. GISPEN 267

Responses of opossum and rat hippocampal CA_1 cells to paired stimulus volleys.
GRIBKOFF, V. K. and J. H. ASHE 273

Randomization program for Apple IIe computer.
BORSINI, F. 279

The role of endogenous serotonin in phasic LH release.
MEYER, D. C. and D. J. EADENS 283

Peptides and the blood-brain barrier: Lipophilicity as a predictor of permeability.
BANKS, W. A. and A. J. KASTIN 287

Direct effects of androgens on lateral hypothalamic neuronal activity in the male rat: I. A microiontophoretic study.
ORSINI, J. C., F. C. BARONE, D. L. ARMSTRONG and M. J. WAYNER ... 293

Differential alterations in opioid analgesia following neonatal monosodium glutamate treatment.
BODNAR, R. J., T. PORTZLINE and G. NILAVER 299

Noncollateral projections of basal forebrain neurons to frontal and parietal neocortex in primates.
WALKER, L. C., C. A. KITT, M. R. DELONG and D. L. PRICE 307

Fever and intracranial pressures.
MALKINSON, T. J., W. L. VEALE and K. E. COOPER 315

Induced changes in intracranial pressure in the anesthetized rat and rabbit.
MALKINSON, T. J., K. E. COOPER and W. L. VEALE 321

Opposite pupillary size effects in the cat and dog after microinjections of morphine, normorphine and clonidine in the Edinger-Westphal nucleus.
SHARPE, L. G. and W. B. PICKWORTH 329

Intraocular grafts of nucleus raphe dorsalis provide cografted spinal cord with a serotonergic innervation.
HENSCHEN, A., A. A. J. VERHOFSTAD and L. OLSON 335

Contents continued

Rapid Communication

The effect of *in vitro* and *in vivo* ethanol administration on [^{35}S]t-butylbicyclophosphorothionate binding in C57 mice.
THYAGARAJAN, R. and M. K. TICKU 343

Brief Communications

Lithium effects on selected circadian rhythms in rats.
McEACHRON, D. L., D. F. KRIPKE, F. R. SHARP, A. J. LEWY and D. E. McCLELLAN 347

A simple jig allows for a rapid mounting of micropipette tips for EM viewing.
LAVIOLETTE, J. R. and J. P. RAYNAULD 351

Behavioral, autonomic and motor effects of neuroleptic drugs in cats: Motor impairment and aggression.
BELESLIN, D. B., D. JOVANOVIĆ-MIĆIĆ, N. JAPUNDŽIĆ, A. M. TERZIĆ and R. SAMARDŽIĆ 353

Book Reviews

***Eating and Its Disorders*, A. J. Stunkard and E. Stellar. Reviewed by T. J. Bartness** 357

***Early Brain Damage, Volume 1: Research Orientations and Clinical Observations*, C. Robert Almli and Stanley Finger. Reviewed by A. B. Sivan** 363

VOLUME 15 NUMBER 4 OCTOBER 1985

CONTENTS

Preface 367

Introduction
DOURISH, C. T. and P. H. HUTSON 369

Articles

Behavioural structure and mechanisms of anorexia: Calibration of natural and abnormal inhibition of eating.
BLUNDELL, J. E., P. J. ROGERS and A. J. HILL 371

Characteristics of feeding induced by the serotonin agonist 8-hydroxy-2-(di-n-propylamino) tetralin (8-OH-DPAT).
DOURISH, C. T., P. H. HUTSON and G. CURZON 377

Analysis of dopamine D1 and D2 receptor involvement in *d*- and *l*-amphetamine-induced anorexia in rats.
GILBERT, D. B. and S. J. COOPER 385

Effects of kappa opiate agonists on palatable food consumption in non-deprived rats, with and without food preloads.
JACKSON, A. and S. J. COOPER 391

Bidirectional control of palatable food consumption through a common benzodiazepine receptor: Theory and evidence.
COOPER, S. J. 397

Qualitative analysis of feeding behaviour through dietary selection of nutrients.
ASHLEY, D. V. M. 411

Ingestive behaviour of Syrian hamsters: Advantages of the comparative approach.
ROWLAND, N. E. 417

Regulation of food intake by hepatic oxidative metabolism.
LANGHANS, W., G. EGLI and E. SCHARRER 425

Spontaneous and 2DG induced metabolic changes and feeding: The ischymetric hypothesis.
EVEN, P. and S. NICOLAIDIS 429

BRAIN RESEARCH BULLETIN

VOLUME 15 NUMBER 5 NOVEMBER 1985

CONTENTS

Editorial v

Articles

Effects of hypnogenic vagal stimulation on thalamic neuronal activity in cats.
JUHÁSZ, G., L. DÉTÁRI and T. KUKORELLI 437

The involvement of brain structures in the adjuvant effect of muramyl dipeptide.
MAŠEK, K., O. KADLECOVÁ and P. PETROVICKÝ 443

Tonic activity of medial preoptic norepinephrine mechanism for body temperature maintenance in sleeping and awake rats.
DATTA, S., V. MOHAN KUMAR, G. S. CHHINA and B. SINGH 447

Auditory evoked potentials recorded from conscious sheep.
HILL, M. W., R. P. HEAVENS and B. A. BALDWIN 453

Effects of endotoxin and sodium salicylate on the preoptic thermosensitive neurons in tissue slices.
NAKASHIMA, T., T. HORI, T. KIYOHARA and M. SHIBATA 459

Neuropeptide Y immunoreactivity in the hamster geniculo-suprachiasmatic tract.
HARRINGTON, M. E., D. M. NANCE and B. RUSAK 465

Glycine receptor distribution in mouse CNS: Autoradiographic localization of [^{3}H]strychnine binding sites.
FROSTHOLM, A. and A. ROTTER 473

Atypical indolamine-immunoreactive cell groups in the dorsal myelencephalon of the rat.
BIEGER, D. 487

A HRP qualitative and quantitative study of the intrahemispheric connections of kittens.
BEN HAMIDA, C. 497

Actions of feeding-relevant agents on hypothalamic glucose-responsive neurons *in vitro*.
KOW, L.-M. and D. W. PFAFF 509

Lack of relationship between the direction of operant turning and horseradish peroxidase uptake by crossed nigro-striatal projections.
MORGAN, S., C. ROSENKRANZ, H. STEINER and J. P. HUSTON 515

Rapid Communications

Binding sites for corticotropin releasing factor in sensory areas of the rat hindbrain and spinal cord.
SKOFITSCH, G., T. R. INSEL and D. M. JACOBOWITZ 519

Inhibition of spontaneous or angiotensin II-stimulated water intake by atrial natriuretic factor.
MASOTTO, C. and A. NEGRO-VILAR 523

Contents continued

Brief Communications

A new method for drug application using electrolysis of water.
YAMAMOTO, T., Y. OOMURA, S. NEMOTO, I. FUJITA and H. NISHINO .. 527

Response of cat skin mechanothermal nociceptors to cold stimulation.
SAUMET, J.-L., S. CHERY-CROZE and R. DUCLAUX 529

The electronic pantograph: Amplifier couples microscope stage of X-Y plotter.
DAVIS, B. J. 533

Dopamine-dependent contralateral circling induced by neurotensin applied unilaterally to the ventral tegmental area in rats.
HOLMES, L. J. and R. A. WISE 537

Announcements 539

BRAIN RESEARCH BULLETIN

VOLUME 15 NUMBER 6 DECEMBER 1985

CONTENTS

Articles

Activation of striatal dopaminergic grafts by haloperidol.
HERMAN, J. P., K. CHOULLI and M. LE MOAL 543

Direct effects of androgens on lateral hypothalamic neuronal activity in the male rat: II. A pressure ejection study.
ORSINI, J. C. 547

Brain dopamine activity following intranigral or intrathalamic drug injections in the rat.
KILPATRICK, I. C., M. S. STARR and M. SUMMERHAYES 553

Neural and anatomic characteristics of peripheral afferent fibers in the milk ejection reflex.
HALLER, E. W. 563

Effects of chronic methamphetamine on the nigral-striatal dopamine system in rat brain: Tyrosine hydroxylase immunochemistry and quantitative light microscopic studies.
TRULSON, M. E., M. S. CANNON, T. S. FAEGG and J. D. RAESE 569

Antidromic discharge property of meso-accumbens dopaminergic VTA neurons in rats.
SHINBA, T., R. SUGITA and K. WATABE 579

Dexamethasone differentially alters naltrexone effects on vasopressin and oxytocin release during tail electroshock.
ROSELLA-DAMPMAN, L. M. and J. Y. SUMMY-LONG 587

The periventricular anteroventral third ventricle (AV3V): Its relationship with the subfornical organ and neural systems involved in maintaining body fluid homeostasis.
JOHNSON, A. K. 595

Hypothalamic opioids and the acute-phase glycoprotein response in guinea pigs.
AHOKAS, R. A., J. SEYDOUX, J. LLANOS-Q., T. A. MASHBURN, JR. and C. M. BLATTEIS 603

Neural relations of cremaster motoneurons, spinal cord systems and the genitofemoral nerve in the rat.
NAGY, J. I. and E. SENBA 609

Intrahippocampal injections of antiserum to nerve growth factor inhibit sympathohippocampal sprouting.
SPRINGER, J. E. and R. LOY 629

Immunohistochemical localization of a melanin concentrating hormone-like peptide in the rat brain.
SKOFITSCH, G., D. M. JACOBOWITZ and N. ZAMIR 635

The role of the anteromedial hypothalamus in Dahl hypertension.
ERNSBERGER, P., S. AZAR and P. AZAR 651

Contents continued

Rapid Communications

Diacylglycerol and phorbol esters enhance LHRH and prostaglandin E_2 secretion from median eminence nerve terminals *in vitro*.
VALENCA, M. M., D. CONTE and A. NEGRO-VILAR 657

Olfactory bulb neurons respond to gastric distension.
GARCIA-DIAZ, D. E., H. U. AGUILAR-BATURONI, R. GUEVARA-AGUILAR and M. J. WAYNER 661

Effects of dopamine and norepinephrine on neuronal activity of the olfactory tubercle.
GUEVARA-AGUILAR, R., L. P. SOLANO-FLORES, D. E. GARCIA-DIAZ, H. U. AGUILAR-BATURONI and M. J. WAYNER 665

Brief Communications

An inexpensive picoliter-volume pressure ejection system.
ROGERS, R. C. 669

Olfactory responses in the gustatory area of the parabrachial pons.
DI LORENZO, P. M. and J. GARCIA 673

A deoxyglucose study on auditory responses in the bat *Rhinolophus rouxi*.
MELZER, P. 677

Erratum 683
